INTERVIEW TRANSCRIPT

Time of Interview : 2.05 p.m.
Date : Friday, 2nd December 2022
Place : In the classroom
Interviewer (A) : Researcher
Interviewee (B) : Jasmine

A : Okay, beberapa hari yang lalu, kita sudah berdiskusi ya mengenai aplikasi Wattpad, dan kamu juga sudah membuat cerita narrative di Wattpad, hari ini miss ingin mewancarai kamu seputar keefektifitasan dari penggunaan Wattpad pada skill menulis kamu. Baik, bisa diperkenalkan namanya?

(Okay, a few days ago, we discussed about the Wattpad application, and you also made narrative stories on Wattpad, today miss wants to interview you about the effectiveness of using Wattpad in your writing skills. Can you introduce your name?)

B : Nama saya Jasmine. Saya duduk di 11 IPA 2, SMAN 1 Wringinanom.

(My name is Jasmine. I am in 11 IPA 2, SMAN 1 Wringinanom.)

A : Menurut kamu, apa itu Wattpad?

(In your opinion, what is Wattpad?)

B : Menurut saya, Wattpad adalah aplikasi yang dapat mengeksplorasi kita tentang banyak karya sastra di luar sana, juga dalam berbagai Bahasa tentunya. Dan menurut saya, Wattpad juga dapat mengasah literasi kita, khususnya mengasah skill menulis kita.

(In my opinion, Wattpad is an application that can explore us about the many literary works out there, also in various languages, of course. And in my opinion, Wattpad can also improve our literacy, especially our writing skills.)

A : Sejak kapan kamu mengetahui tentang aplikasi Wattpad?

(When did you find out about the Wattpad application?)

B : Saya mengetahui tentang aplikasi Wattpad saat saya masih kelas 5 SD, tapi hanya sekedar membaca cerita-cerita kartun yang ada di aplikasi Wattpad melalui akun ayah saya, kemudian di kelas 3 SMP, waktu itu sedang pandemi, saya membuat akun Wattpad dan sering membaca cerita-cerita yang ada di Wattpad untuk mengusir rasa bosan.

(I found out about the Wattpad application when I was in 5th grade, but I only read cartoon stories on the Wattpad application through my father's account, then in 3rd grade of junior high school, when it was a pandemic, I created a Wattpad account and often read stories stories on Wattpad to get rid of boredom.)

A : Kapan pertama kali kamu membuat cerita di aplikasi Wattpad?

(When was the first time you created a story on the Wattpad application?)

B : Waktu SMP kelas 3, saya pernah membuat cerita, tapi karena ceritanya kurang pasaran, jadinya tidak laku.

(When I was in 3rd grade of junior high school, I once made a story, but because the story did not sell well.)

- A** : Wow, it's okay, yang penting kamu sudah pernah berusaha dan itu menjadi pengalaman kamu untuk mengembangkan cerita kamu lebih baik lagi kedepannya. Kemudian, bisa diceritakan tentang cerita naratif yang kamu buat beberapa hari yang lalu?

(Wow, it's okay, the important thing is that you have tried and it has become your experience to develop your story even better in the future. Then, can you tell me about the narrative story you made a few days ago?)

- B** : Cerita naratif yang saya buat judulnya “Dear Little Friend”. Cerita itu hanya memiliki satu chapter saja. Cerita itu bercerita tentang seorang anak laki-laki berusia 16 tahun yang punya keterbatasan terhadap kesehatan mentalnya, jadi dia berimajinasi punya teman dan temannya itu saya gambarkan seperti anak-anak kecil gitu, tapi sebenarnya itu tidak ada.

(The narrative story I made is called “Dear Little Friend”. The story only has one chapter. The story tells of a 16-year-old boy who has limitations regarding his mental health, so he imagines he has friends and I describe his friends as small children, but actually they don't exist.)

- A** : Jadi, itu hanya imajinasi ya?

(So it's just imagination, right?)

- B** : Iya miss.

(Yes miss.)

- A** : Sebelumnya saya sudah membaca cerita kamu, dan saya sangat kagum dan saya merasa tulisan kamu sudah cukup baik dan layak untuk dibaca oleh para pembaca di luar sana.
(Previously I have read your story, and I am very impressed and I feel your writing is good enough and worthy of being read by readers out there.)

- B** : Terima kasih miss.

(Thank you miss.)

- A** : Bagaimana perasaan kamu setelah membuat cerita di aplikasi Wattpad?

(How do you feel after creating stories on the Wattpad application?)

- B** : Saya merasa sedikit sesak gitu, karena cerita yang saya buat sedikit sensitif dan terinspirasi dari cerita saya sendiri.
(I feel a little claustrophobic, because the story that I made was little sensitive and inspired by my own story.)
- A** : Bagaimana perasaan kamu setelah mendapatkan suka atau komentar dari para pembaca?
(How do you feel after getting likes or comments from readers?)
- B** : Senang, karena tandanya orang itu mengapresiasi cerita saya.
(Happy, because it means that people appreciate my story.)
- A** : Apa yang kamu ketahui tentang fitur-fitur yang ada di aplikasi Wattpad?
(What do you know about the features in the Wattpad application?)
- B** : Menurut saya di aplikasi Wattpad itu fiturnya sudah lumayan lengkap jadi membuat kita nyaman untuk menulis. Kita bisa mengatur font hurufnya, miring atau tebal. Kita juga bisa menambahkan video dari YouTube sehingga ceritanya bisa lebih hidup. Kemudian ada fitur hastag yang mempermudah kita untuk mencari kata kunci cerita yang kita suka.
(In my opinion, the Wattpad application has quite complete features so it makes us comfortable to write. We can set the font, italic or bold. We can also add videos from YouTube so that the story can be more alive. Then there is a hashtag feature that makes it easier for us to search for keywords for stories we like.)
- A** : Apa yang kamu sukai dan kurang kamu sukai dari aplikasi Wattpad?
(What do you like and don't like about the Wattpad application?)

B : Saya suka aplikasi Wattpad karena memiliki genre yang beragam, dan juga banyak cerita yang bagus dan menarik untuk dibaca. Jadi kalau mau baca, oh hari ini aku mood baca cerita ini, jadi tinggal dicari saja sesuai yang diinginkan gitu. Kemudian, saya juga banyak menemui kosakata baru dalam Bahasa Inggris di aplikasi Wattpad. Kalau yang kurang saya sukai dari aplikasi Wattpad itu karena banyak sekali iklan kalau akunnya tidak premium, dan itu menurut saya sedikit mengganggu.

(I like the Wattpad application because it has a variety of genres, and also lots of good and interesting stories to read. So if you want to read, oh today I'm in the mood to read this story, so all you have to do is look for what you want. Then, I also encountered a lot of new vocabulary in English on the Wattpad application. What I don't like about the Wattpad application is because there are lots of ads if the account is not premium, and I think that's a little annoying.)

A : Contoh kosakata yang kamu ketahui apa?

(What the examples of vocabulary do you know?)

B : Ehmm, apa ya miss? Oh kayak Solitude, artinya itu kesendirian.

(Ehmm, what is it miss? Oh it's like Solitude, the meaning is kesendirian.)

A : Bagaimana pendapat kamu tentang pernyataan bahwa kita bisa belajar materi teks naratif lewat aplikasi Wattpad?

(What do you think about the statement that we can learn narrative text material through the Wattpad application?)

- B** : Ya saya sangat setuju sekali, karena banyak sekali genre di aplikasi Wattpad, seperti horror, fantasi, fiksi romance, dll. Kita bisa belajar banyak teks naratif dari sana, seperti unsur-unsurnya, pilihan kata yang sering digunakan, grammarnya, dan kita juga lebih imajinatif untuk menulis atau mengarang suatu cerita naratif kedepannya.

(Yes, I totally agree, because there are lots of genres in the Wattpad application, such as horror, fantasy, romance fiction, etc. We can learn a lot of narrative texts from there, such as the elements, the choice of words that are often used, the grammar, and we are also more imaginative in writing or composing a narrative story in the future.)

- A** : Bagaimana pendapat kamu tentang pernyataan bahwa semua generasi Z bisa menjadi penulis melalui aplikasi Wattpad?

(What do you think about the statement that all Z generations can become writers through the Wattpad application?)

- B** : Menurut saya generasi Z sangat bisa menjadi penulis melalui aplikasi ini. Mereka yang mempunyai bakat menulis sangat bisa menyalurkan bakatnya lewat aplikasi ini dan mereka juga bisa berkesempatan menjadi penulis besar suatu hari nanti.

(In my opinion, generation Z can really become a writer through this application. Those who have a talent for writing can really channel their talents through this application and they can also have the opportunity to become great writers one day.)

- A** : Seberapa termotivasi anda untuk membuat cerita lagi setelah penelitian ini?

(How motivated are you to write more stories after this research?)

- B** : 50%, karena untuk saat ini saya sedang tidak ingin membuat cerita lagi, cukup menikmati karyanya saja. Tapi, jika saya nantinya ingin membuat, saya mungkin akan membuat.
(*50%, because for now I don't want to make stories anymore, just enjoy the work. But, if I ever want to make one, I probably will.*)
- A** : Baik, terima kasih telah meluangkan waktunya, semoga melalui Wattpad, kamu bisa mengembangkan bakat kamu di bidang kepenulisan.
(*Alright, thank you for taking the time, I hope that through Wattpad, you can develop your talents in the field of writing.*)
- B** : Terima kasih miss.
(*Thank you miss.*)

Time of Interview : 2.17 p.m.
 Date : Sunday, 22nd January 2023
 Place : Phone call
 Interviewer (A) : Researcher
 Interviewee (B) : Jasmine

- A** : Halo Jasmine, jadi miss ingin mewawancarai kamu lagi terkait peran Wattpad dalam memotivasi tulisan naratif kamu. Miss akan rekam ya.
(*Hi Jasmine, so miss wants to interview you again regarding Wattpad's role in motivating your narrative writing. Can I record it?*)
- B** : Baik miss.
(*Yes miss.*)

- A** : Kan sebelumnya, di wawancara pertama kamu pernah bilang ya kalau kamu mulai membaca Wattpad saat kelas 5 SD. Kira-kira cerita naratif apa yang pernah kamu baca dan masih kamu ingat?
(In the first interview, you said if you started reading Wattpad in 5th grade. What narrative stories have you read and still remember?)
- B** : Emm, yang saya ingat itu cerita yang saya baca beberapa minggu yang lalu, judulnya “The Mental Health Ward”. Itu bercerita tentang anak perempuan berusia 15 tahun kalau nggak salah. Namanya Matilda. Dia itu menderita penyakit mental namanya Schizophrenia atau halusinasi gitu miss, sama penyakit apa ya lupa namanya. Oh iya sama satu lagi yaitu bipolar disorder. Kehidupan Matilda diceritakan sangat buruk gitu miss, karena di sekolah dia dibully oleh teman-temannya.
(Emm, what I remember is a story I read a few weeks ago, entitled "The Mental Health Ward". It tells the story of a 15 year old girl if I'm not mistaken. Her name was Matilda. He suffers from a mental illness called Schizophrenia or hallucinations like that miss, and what kind of disease I forgot the name. Oh ya, the same thing was bipolar disorder. Matilda's life was said to be very bad, miss, because at school she was bullied by her friends.)
- A** : Lalu, bagaimana perasaan kamu setelah membaca cerita tersebut? Apa kamu kesal?
(Then, how do you feel after reading the story? Are you annoyed?)
- B** : Ya, saya sangat kesal.
(Yes, I am very annoyed.)
- A** : Pada bagian yang mana yang membuat kamu merasa kesal?
(In which part do you feel annoyed?)

B : Pada bagian saat teman-teman Matilda membicarakannya mempunyai teman khayalan karena di sekolah dia tidak punya teman. Mereka membuat Matilda tidak tahan berada di kelas lalu mengurung dirinya di dalam toilet.

(In the part where Matilda's friends talk about her having imaginary friends because she didn't have any friends at school. They made Matilda unable to stand being in class and then locked herself in the toilet.)

A : Okay, baik. Setelah membaca cerita tersebut, pasti kamu menemukan banyak kosakata baru ya. Kira-kira kosakata apa saja yang kamu temukan dalam cerita tersebut?

(Okay, fine. After reading the story, surely you will find a lot of new vocabulary. What vocabulary do you find in the story?)

B : Emm sebentar miss, seingat saya ya miss. Saya menemukan beberapa kosakata baru seperti kata 'schizophrenia' yang merupakan 'penyakit mental yang menyebabkan halusinasi'. Kemudian, 'weirdo' yang artinya 'orang aneh'. 'We're not on the same page of a book' yang artinya 'tidak setuju atau tidak sepaham'. Lalu ada kata 'bandage' yang artinya 'perban', 'ingravement' artinya 'ukiran'. Sudah miss.

(Erm, miss, as far as I remember, miss. I found some new vocabulary such as the word 'schizophrenia' which is a mental illness that causes hallucinations. Then, 'weirdo' which means a strange person. We're not on the same page of a book, which means we disagree. Then there is the word 'bandage' which means 'perban', 'engraving' means 'ukiran'.)

A : Baik Jasmine, terima kasih atas waktunya ya.

(Ok Jasmine, thank you for your time.)

B : Sama-sama miss.

(Your welcome miss.)

Time of Interview : 2.20 p.m.
Date : Friday, 2nd December 2022
Place : In the classroom
Interviewer (A) : Researcher
Interviewee (B) : Daisy

- A** : Okay, beberapa hari yang lalu, kita sudah berdiskusi ya mengenai aplikasi Wattpad, dan kamu juga sudah membuat cerita narrative di Wattpad, hari ini miss ingin mewancarai kamu seputar keefektifitasan dari penggunaan wattpad pada skill menulis kamu. Baik, bisa diperkenalkan namanya?
(Okay, a few days ago, we discussed about the Wattpad application, and you also made narrative stories on Wattpad, today miss wants to interview you about the effectiveness of using Wattpad in your writing skills. Can you introduce your name?)
- B** : Nama saya Daisy. Saya duduk di 11 IPA 2, SMAN 1 Wringinanom.
(My name is Daisy. I am in 11 IPA 2, SMAN 1 Wringinanom.)
- A** : Menurut kamu, apa itu Wattpad?
(In your opinion, what is Wattpad?)
- B** : Menurut saya, Wattpad adalah aplikasi atau media literasi yang sedang digandrungi oleh para generasi Z saat ini, baik hanya sekedar membaca ataupun menulis sebuah cerita.
(In my opinion, Wattpad is an application or media literacy that is being loved by generation Z today, whether it's just reading or writing a story.)
- A** : Sejak kapan kamu mengetahui tentang aplikasi Wattpad?
(When did you find out about the Wattpad application?)

B : Saya mengetahui aplikasi Wattpad saat saya berada di kelas 7 SMP, saya di spoiler oleh teman saya. Di aplikasi itu banyak sekali cerita-cerita yang seru, dan akhirnya saya mendownload Wattpad.

(I found out about the Wattpad application when I was in 7th grade of junior high school, my friend gave me a spoiler. There are lots of exciting stories in the application, and I finally downloaded Wattpad.)

A : Kapan pertama kali kamu membuat cerita di aplikasi Wattpad?

(When was the first time you created a story on the Wattpad application?)

B : Sebelumnya, saya hanya sekedar baca-baca di Wattpad gitu miss. Lalu, dari cerita yang saya baca, saya menemukan ide-ide untuk membuat cerita saya sendiri, tapi tentunya bukan plagiat ya miss. Kemudian, saat saya berada di kelas 8, saya membuat cerita, judulnya “Catherine”. Cerita itu bergenre fiksi remaja gitu miss. Tapi masih belum selesai sampai sekarang, jadi ceritanya masih menggantung.

(Previously, I just read on Wattpad, miss. Then, from the stories I read, I found ideas to make my own stories, but of course it's not plagiarism, miss. Then, when I was in 8th grade, I created a story, it was called "Catherine". The story is in the genre of youth fiction, miss. But it's still not finished until now, so the story is still hanging.)

A : Kemudian, bisa diceritakan tentang cerita naratif yang kamu buat beberapa hari yang lalu?

(Then, can you tell me about the narrative story you made a few days ago?)

- B** : Cerita naratif yang saya buat beberapa hari yang lalu itu judulnya “The Blue Crown of the Fairy” terinspirasi dari ceritanya “Cinderella”. Ada 8 chapter di cerita itu. Ceritanya tentang gadis bernama princess Lexana yang mempunyai orang tua yang lengkap. Tapi saat di pertengahan, ibunya meninggal karena sakit, kemudian ayahnya menikah lagi dengan ibu tirinya, tapi saat perjalanan bisnis, ayahnya meninggal diserang oleh serigala. Alur ceritanya seperti cerita “Cinderella” miss.
(The narrative story I made a few days ago is called "The Blue Crown of the Fairy" inspired by the story "Cinderella". There are 8 chapters in the story. The story is about a girl named princess Lexana who has complete parents. But when in the middle, his mother died because of illness, then his father remarried to his stepmother, but during a business trip, his father died attacked by wolves. The storyline is like the story "Cinderella" miss.)
- A** : Kalau begitu, yang membedakan cerita kamu dengan cerita Cinderella apa?
(If so, what distinguishes your story from the Cinderella story?)
- B** : Kalau cerita aslinya ayahnya meninggal karena diracun, kalau cerita saya ayahnya meninggal karena diserang oleh serigala.
(In the original story her father died from being poisoned, in my story her father died from being attacked by a wolf.)
- A** : Bagaimana perasaan kamu setelah membuat cerita di aplikasi Wattpad?
(How do you feel after creating stories on the Wattpad application?)
- B** : Saya merasa senang karena bisa menghibur para pembaca dengan tulisan saya.
(I feel happy because I can entertain readers with my writing.)

- A** : Bagaimana perasaan kamu setelah mendapatkan suka atau komentar dari para pembaca?
(How do you feel after getting likes or comments from readers?)
- B** : Saya merasa senang karena ternyata cerita saya diapresiasi oleh para pembaca, dan saya merasa bahwa cerita saya layak untuk berada di sana.
(I feel happy because my story is appreciated by readers, and I feel that my story deserves to be there.)
- A** : Apa yang kamu ketahui tentang fitur-fitur yang ada di aplikasi Wattpad?
(What do you know about the features in the Wattpad application?)
- B** : Fitur-fiturnya cukup menarik, karena dengan adanya fitur-fitur seperti misalnya hastag, cerita-cerita itu jadi lebih dikenal dan mudah dicari oleh para pembaca, kemudian ada fitur video atau musik bisa digunakan untuk kenyamanan para pembaca. Ada juga fitur story description, itu memudahkan kita untuk melihat prolog atau synopsis dari suatu cerita yang ingin saya baca.
(The features are quite interesting, because with features such as hashtags, the stories become more well-known and easily searchable by readers, then there are video or music features that can be used for the convenience of readers. There is also a story description feature, which makes it easier for us to see the prologue or synopsis of a story that I want to read.)
- A** : Apa yang kamu sukai dan kurang kamu sukai dari aplikasi Wattpad?
(What do you like and don't like about the Wattpad application?)

B : Yang saya sukai dari aplikasi Wattpad adalah karena kita bisa mengatur Bahasa nya sesuai dengan minat kita, jadi kita tidak melulu hanya membaca cerita Bahasa Indonesia saja dari sana, namun kita bisa mengeksplor cerita-cerita Bahasa Inggris juga. Dari situ juga, saya bisa belajar kosakata baru dalam Bahasa Inggris yang tidak saya mengerti sebelumnya. Tapi kendalanya itu saat saya menulis cerita, saya susah menuangkannya. Terkadang apa yang saya tulis itu tidak dimengerti orang lain. Kalau selebihnya itu sudah oke miss.

(What I like about the Wattpad application is that we can set the language according to our interests, so we don't only read Indonesian stories from there, but we can explore English stories too. From there too, I can learn new vocabulary in English that I didn't understand before. But the problem is that when I write a story, I have a hard time pouring it out. Sometimes what I write is not understood by other people.)

A : Jadi intinya, melalui aplikasi Wattpad ini kamu bisa mengasah skill menulis dan skill Bahasa Inggris kamu gitu ya?

(So in essence, through this Wattpad application you can improve your writing skills and English skills, right?)

B : Iya miss.

(Yes miss.)

A : Bagaimana pendapat kamu tentang pernyataan bahwa kita bisa belajar materi teks naratif lewat aplikasi Wattpad?

(What do you think about the statement that we can learn narrative text material through the Wattpad application?)

- B** : Saya setuju, karena saat saya membaca atau menulis cerita di Wattpad, secara tidak sadar, saya juga belajar materi teks naratif dari sana. Banyak sekali cerita-cerita imajinatif yang bisa dipelajari. Tentunya juga tidak membosankan seperti pembelajaran di kelas.
(I agree, because when I read or write stories on Wattpad, subconsciously, I also learn narrative text material from there. Lots of imaginative stories that can be learned. Of course, it is also not boring like learning in class.)
- A** : Bagaimana pendapat kamu tentang pernyataan bahwa semua generasi Z bisa menjadi penulis melalui aplikasi Wattpad?
(What do you think about the statement that all Z generations can become writers through the Wattpad application?)
- B** : Saya sangat setuju, karena tidak ada batasan umur untuk kita menjadi seorang penulis. Mereka bisa belajar dari cerita-cerita yang sudah mereka baca sebelumnya, lalu mereka bisa mengeluarkan imajinasinya untuk menulis cerita mereka sendiri.
(I totally agree, because there is no age limit for us to become writers. They can learn from the stories they have read before, then they can use their imagination to write their own stories.)
- A** : Seberapa termotivasi anda untuk membuat cerita lagi setelah penelitian ini?
(How motivated are you to write more stories after this research?)
- B** : 99% karena saya ingin menulis cerita di semua genre yang ada di aplikasi Wattpad.
(99% because I want to write stories in all genres on the Wattpad app.)

- A** : Wow, that's great. Baik, terima kasih telah meluangkan waktunya, semoga melalui Wattpad, kamu bisa mengembangkan bakat kamu di bidang kepenulisan.
(Wow, that's great. Alright, thank you for taking the time, I hope that through Wattpad, you can develop your talents in the field of writing.)
- B** : Baik, terima kasih miss.
(Yes, thank you miss.)

Time of Interview : 8.58 p.m.
 Date : Monday, 23rd January 2023
 Place : Phone call
 Interviewer (A) : Researcher
 Interviewee (B) : Daisy

- A** : Halo Daisy, jadi miss ingin mewawancarai kamu lagi terkait peran Wattpad dalam memotivasi tulisan naratif kamu. Miss akan rekam ya.
(Hi Daisy, so miss wants to interview you again regarding Wattpad's role in motivating your narrative writing. Can I record it?)
- B** : Iya miss silahkan.
(Yes miss, you can.)
- A** : Kan sebelumnya, di wawancara pertama kamu pernah bilang ya kalau kamu mulai membaca Wattpad saat kelas 7 SMP. Kira-kira cerita naratif apa yang pernah kamu baca dan masih kamu ingat?
(Previously, you said if you started reading Wattpad in 7th grade of junior high school. What narrative stories have you read and still remember?)

B : Sebentar miss, saya ingat-ingat dulu. Saya pernah baca cerita judulnya “Cinderella”, karena cerita itu hasil remake dari cerita Cinderella. Si tokoh utamanya namanya Anabella, biasanya dipanggil Bella. Kemudian, pangerannya namanya Anthony. Jalan ceritanya sama seperti cerita Cinderella sih miss, Bella kehilangan orang tuanya, lalu dia bertemu dengan peri, dan hidup bahagia dengan pangeran Anthony. Gitu miss.

(Wait a minute miss, I'll remember first. I once read a story called "Cinderella", because the story was a remake of the Cinderella story. The main character's name is Anabella, usually called Bella. Then, the prince's name was Anthony. The storyline is the same as Cinderella's story miss, Bella lost her parents, and then she met a fairy, and lived happily with Prince Anthony. That's it miss.)

A : Lalu, bagaimana perasaan kamu setelah membaca cerita tersebut? Apa kamu senang?

(Then, how do you feel after reading the story? Are you happy?)

B : Ya, saya senang dengan ending ceritanya, dimana Anabella dan pangeran Anthony bisa hidup bahagia, dan juga tanpa ibu tiri Bella yang menyebalkan.

(Yes, I'm happy with the ending of the story, where Anabella and Prince Anthony can live happily, and also without Bella's annoying stepmother.)

A : Okay, baik. Setelah membaca cerita tersebut, pasti kamu menemukan banyak kosakata baru ya. Kira-kira kosakata apa saja yang kamu temukan dalam cerita tersebut?

(Okay, fine. After reading the story, surely you will find a lot of new vocabulary. What vocabulary do you find in the story?)

- B** : Apa ya miss, oh iya seperti kata step-sister, Bahasa Indonesianya itu saudara tiri. Lalu kata horrible artinya mengerikan, faded itu pudar kalo nggak salah. Kemudian pretend itu pura-pura, dan pity itu kasihan. Itu sih miss.
(What is it miss, oh ya, like the word 'step-sister' means 'saudara tiri'. Then the word 'horrible' means 'mengerikan', 'faded' means 'pudar' if I'm not mistaken. Then 'pretend' means 'pura-pura', and pity mean 'kasihan'. That's it miss.)
- A** : Oke baik Daisy, terima kasih atas waktunya ya.
(Ok fine Daisy, thank you for your time.)
- B** : Sama-sama miss.
(Your welcome miss.)

- A** : Okay, beberapa hari yang lalu, kita sudah berdiskusi ya mengenai aplikasi Wattpad, dan kamu juga sudah membuat cerita narrative di Wattpad, hari ini miss ingin mewancarai kamu seputar keefektifitasan dari penggunaan wattpad pada skill menulis kamu. Baik, bisa diperkenalkan namanya?
(Okay, a few days ago, we discussed about the Wattpad application, and you also made narrative stories on Wattpad, today miss wants to interview you about the effectiveness of using Wattpad in your writing skills. Can you introduce your name?)

- B** : Nama saya Rose. Saya berada di kelas 11 IPA 2, SMAN 1 Wringinanom.
(My name is Rose. I am in class 11 IPA 2, SMAN 1 Wringinanom.)
- A** : Menurut kamu, apa itu Wattpad?
(In your opinion, what is Wattpad?)
- B** : Menurut saya, Wattpad adalah aplikasi literasi untuk kita yang hobi membaca dan menulis. Kita juga bisa belajar Bahasa Inggris disana karena aplikasi itu mendunia gitu miss.
(In my opinion, Wattpad is a literacy application for those of us who like to read and write. We can also learn English there because the application is worldwide, miss.)
- A** : Sejak kapan kamu mengetahui tentang aplikasi Wattpad?
(When did you find out about the Wattpad application?)
- B** : Saya mengetahui aplikasi ini saat saya menginjak kelas 1 SMP, waktu itu ada teman saya yang membuat status Whatsapp tentang satu cerita dari aplikasi Wattpad, kemudian saya mencari tahu dan saya menyadari ternyata ceritanya lumayan bagus dan menarik.
(I found out about this application when I was in 1st grade of junior high school, at that time a friend of mine made a Whatsapp status about a story from the Wattpad application, then I researched it and I realized that the story was actually quite good and interesting.)
- A** : Kapan pertama kali kamu membuat cerita di aplikasi Wattpad?
(When was the first time you created a story on the Wattpad application?)
- B** : Belum pernah miss, ini yang pertama kalinya. Biasanya saya hanya menulis di kertas atau laptop, kemudian saya upload di lomba-lomba menulis.
(Never miss, this is the first time. Usually I just write on paper or laptop, then I upload it in writing contests.)

- A** : Wow, that's great. Kemudian, bisa diceritakan tentang cerita naratif yang kamu buat beberapa hari yang lalu?
(Wow, that's great. Then, can you tell me about the narrative story you made a few days ago?)
- B** : Cerita naratif yang saya buat judulnya "Lau in La La Land" terinspirasi dari cerita "Alice in Wonderland". Ada 11 chapter di cerita itu miss. Ini adalah petualangan si tokoh utama bernama Lau. Dia merasa kekurangan dalam hal akademis di akademinya. Kemudian, dia punya ujian sihir dan dia tiba-tiba mempunyai tekad dan ambisi yang tinggi untuk itu. Dia berjalan ke hutan dan menuju ke dimensi lain. Namun, jalan yang dia tempuh asalnya salah.
(The narrative story I created is called "Lau in La La Land" inspired by the story "Alice in Wonderland". There are 11 chapters in the story miss. This is the adventure of the main character named Lau. He felt a lack of academics in his academy. Then, he had a magic exam and he suddenly had high determination and ambition for it. He walked into the forest and headed to another dimension. However, the path he walked was originally wrong.)
- A** : Saat saya membaca cerita kamu saya sangat kagum, gambar dan font yang kamu pilih itu sangat esetik.
(When I read your story I was amazed, the pictures and fonts you chose were very aesthetic.)
- B** : Terima kasih miss.
(Thank you miss.)
- A** : Bagaimana perasaan kamu setelah membuat cerita di aplikasi Wattpad?
(How do you feel after creating stories on the Wattpad application?)
- B** : Saya merasa lega dan senang bisa menuangkan dan mempublikasikan cerita saya di Wattpad.
(I feel relieved and happy to be able to share and publish my story on Wattpad.)

- A** : Bagaimana perasaan kamu setelah mendapatkan suka atau komentar dari para pembaca?
(How do you feel after getting likes or comments from readers?)
- B** : Sejujurnya biasa saja, karena saya beryakinan bahwa aplikasi Wattpad ini hanya saya gunakan sebagai wadah untuk menuangkan imajinasi saya dalam bentuk tulisan, tanpa harus saya peduli apakah orang ini menyukai tulisan saya atau tidak.
(To be honest, it's normal, because I believe that I only use the Wattpad application as a place to express my imagination in written form, without having to care whether this person likes my writing or not.)
- A** : Apa yang kamu ketahui tentang fitur-fitur yang ada di aplikasi Wattpad?
(What do you know about the features in the Wattpad application?)
- B** : Menurut saya, fiturnya cukup menarik. Yang paling saya suka itu fitur hastag yang ada di aplikasi Wattpad. Jadi kita bisa mengetahui story rankings dari cerita yang kita buat.
(In my opinion, the feature is quite interesting. What I like the most is the hashtag feature in the Wattpad application. So we can find out story rankings from the stories we make.)
- A** : Apa yang kamu sukai dan kurang kamu sukai dari aplikasi Wattpad?
(What do you like and don't like about the Wattpad application?)

B : Menurut pendapat saya, aplikasi Wattpad itu mempunyai fitur-fitur yang mudah dipahami bagi pengguna baru daripada aplikasi lainnya. Kemudian, saya juga banyak belajar kosakata baru yang kurang digunakan dalam kehidupan sehari-hari, apabila ada kata Bahasa Inggris yang saya tidak tahu artinya, saya bisa langsung mencari artinya di google translate. Tapi, yang kurang saya sukai itu biasanya kendala sinyal, dan kebetulan Wattpad saya itu versi yang lama.

(In my opinion, the Wattpad application has features that are easier for new users to understand than other applications. Then, I also learned a lot of new vocabulary that is not used in everyday life. If there is an English word that I don't know the meaning of, I can immediately look up its meaning on Google Translate. However, what I don't like are usually signal problems, and it just so happens that my Wattpad is the old version.)

A : Bedanya versi lama dengan versi yang baru itu apa ya?

(What's the difference between the old version and the new version?)

B : Notifnya kalau diperbarui itu muncul semuanya, kalau Wattpad saya kan, jaman rilisnya sudah lama, jadi notifnya tidak keseluruhan muncul, seperti itu miss.

(The notifications when they are updated all appear, on my Wattpad, it's been a long time since the release, so the notifications don't all appear, like that miss.)

A : Bagaimana pendapat kamu tentang pernyataan bahwa kita bisa belajar materi teks naratif lewat aplikasi Wattpad?

(What do you think about the statement that we can learn narrative text material through the Wattpad application?)

- B** : Saya sangat setuju, karena di aplikasi Wattpad ada banyak teks naratif yang dapat mereka pelajari tanpa harus menunggu materi dari sekolah dan juga banyak generasi Z yang sekiranya malas membaca buku fisik, karena menurut mereka kalau membuka buku fisik itu membuatnya mengantuk, jadi mereka lebih memilih untuk membaca lewat smartphonanya.

(I totally agree, because in the Wattpad application there are a lot of narrative texts that they can study without having to wait for material from school and there are also many generation Z who are lazy to read physical books, because they think that opening physical books makes them sleepy, so they prefer to reading on his smartphone.)

- A** : Bagaimana pendapat kamu tentang pernyataan bahwa semua generasi Z bisa menjadi penulis melalui aplikasi Wattpad?

(What do you think about the statement that all Z generations can become writers through the Wattpad application?)

- B** : Saya setuju, karena aplikasi Wattpad mempunyai peluang besar bagi generasi Z untuk menjadi penulis hebat di masa depan, dan juga sudah banyak penulis besar yang memulai karirnya dari Wattpad.

(I agree, because the Wattpad application has a great opportunity for generation Z to become great writers in the future, and many great writers have started their careers from Wattpad.)

- A** : Contohnya penulisnya siapa?

(For example, who is the author?)

- B** : Tsana, ceritanya juga ada yang berhasil difilmkan, judulnya Geez & Ann.

(Tsana, the story has also been successfully filmed, right, the title Geez & Ann.)

- A** : Seberapa termotivasi anda untuk membuat cerita lagi setelah penelitian ini?

(How motivated are you to write more stories after this research?)

B : 98%, setelah penelitian ini saya jadi termotivasi untuk membuat cerita saya terpublikasikan ke watsapp, soalnya banyak inspirasi yang mendukung saya untuk menulis di aplikasi Watsapp. Cerita saya yang di laptop itu zona nyaman yg harus saya keluarin gitu miss.

(98%, after this research I am motivated to get my story published on Watsapp, because there are many inspirations that support me to write on the Watsapp application. My story is that being on a laptop is a comfort zone that I have to get out of, miss.)

A : Baik, terima kasih telah meluangkan waktunya, semoga melalui Watsapp, kamu bisa mengembangkan bakat kamu di bidang kepenulisan.

(Alright, thank you for taking the time, I hope that through Watsapp, you can develop your talents in the field of writing.)

B : Amin, terima kasih miss.

(Amin, thank you miss.)

Time of Interview : 10.32 a.m.

Date : Sunday, 22nd January 2023

Place : Phone Call

Interviewer (A) : Researcher

Interviewee (B) : Rose

A : Halo Rose, jadi miss ingin mewawancarai kamu lagi terkait peran Wattpad dalam memotivasi tulisan naratif kamu. Miss akan rekam ya.

(Hi Rose, so miss wants to interview you again regarding Wattpad's role in motivating your narrative writing. Can I record it?)

B : Iya miss silahkan.

(Yes miss, you can.)

A : Kan sebelumnya, di wawancara pertama kamu pernah bilang ya kalau kamu mulai membaca Wattpad saat kelas 7 SMP. Kira-kira cerita naratif apa yang pernah kamu baca dan masih kamu ingat?

(In your first interview, you said if you started reading Wattpad in 7th grade of junior high school. What narrative stories have you read and still remember?)

B : Saya pernah baca cerita judulnya "Alice in Wonderland". Cerita ini sangat terkenal miss. Ada filmnya juga kalau nggak salah. Ceritanya tentang anak perempuan namanya Alice. Dia tersesat di dunia ajaib yang dipenuhi oleh hewan-hewan aneh, oh makhluk-makhluk aneh maksudnya karena bukan hewan saja. Dia tersesat itu karena mengikuti kelinci yang masuk ke lubang besar. Tapi, di akhir ceritanya dijelaskan bahwa ternyata itu cuman mimpinya Alice gitu miss.

(I have read a story called "Alice in Wonderland". This story is very famous miss. There's a movie too if I'm not mistaken. The story is about a girl named Alice. He gets lost in a magical world filled with strange animals, oh strange creatures, I mean because they're not just animals. He got lost because he followed the rabbit into the big hole. However, at the end of the story it is explained that it was just Alice's dream, miss.)

A : Lalu, bagaimana perasaan kamu setelah membaca cerita tersebut?

(Then, how do you feel after reading the story?)

B : Ya, saya senang, terkadang juga tegang.

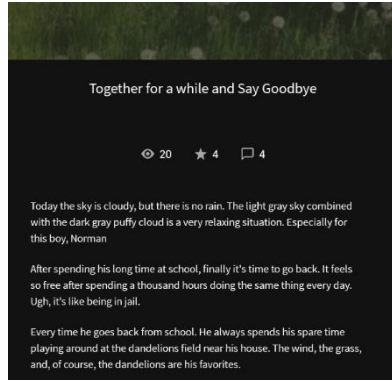

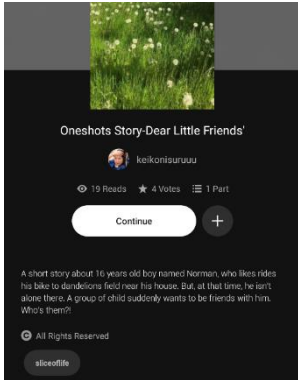

(Yes, I'm happy, sometimes too tense.)

- A** : Pada bagian yang mana yang membuat kamu merasa senang dan tegang?
(Which parts make you feel excited and tense?)
- B** : Karena saya suka genre cerita fantasi, jadi saat membaca saya merasa senang, tapi ada bagian yang menurut saya menengangkan seperti saat Alice mengikuti kelinci aneh ke dalam terowongan lalu dia terperosok ke dalam dunia aneh, itu sih miss.
(Because I like the fantasy story genre, so when I read it I feel happy, but there are parts that I think are tense, like when Alice follows a strange rabbit into a tunnel and then she falls into a strange world, like that miss.)
- A** : Okay, baik. Setelah membaca cerita tersebut, pasti kamu menemukan banyak kosakata baru ya. Kira-kira kosakata apa saja yang kamu temukan dalam cerita tersebut?
(Okay, fine. After reading the story, surely you will find a lot of new vocabulary. What vocabulary do you find in the story?)
- B** : Eeee kosakata seperti tunnel artinya terowongan, shore itu sama kayak beach artinya pantai, terus odd itu aneh, caterpillar itu ulat ya miss, daydreaming artinya melamun, terus extraordinary itu luar biasa.
(Eeee vocabulary like 'tunnel' means 'terowongan', 'shore' means 'beach', then 'odd' means 'aneh', 'caterpillar' means 'ulat', 'daydreaming' means 'melamun', then 'extraordinary' means 'luar biasa')
- A** : Baik Rose terima kasih atas waktunya ya.
(Okay Rose, thanks for your time.)
- B** : Sama-sama miss.
(Your welcome miss.)
