Literary work is a form of words from the author which is conveyed to connoisseurs of literature and contains a specific purpose. People rarely study the poems by Tjahjono Widijanto and Tjahjono Widarmanto. For this reason, the writer analyzes the elements of fairy tales from the poem by the twin poets. The aim is to describe the fairy tale characters in the poem by the twin poets Tjahjono Widijanto and Tjahjono Widarmanto, then the second goal is to describe the time of the fairy tale event in the poem by the twin poets Tjahjono Widijanto and Tjahjono Widarmanto, the third goal is to discuss the place where the fairy tale event takes place, and the last is to describe the events of a fairy tale raised as an idea by the twin poets Tjahjono Widijanto and Tjahjono Widarmanto. By using a descriptive qualitative approach method, it can produce written words from the research conducted. The results of this study found that there were 15 fable-themed poems from five poetry collection books by twin poets. Some of the titles of these poems are "Secret Conversation", "Durga", "Tabuh", "Kaba from the Dusk Country", "Baby Song", "On the Way to Kauman's Tomb", "Stones Don't Drift Away". From the several poems by Tjahjono Widijanto and Tjahjono Widarmanto, it can be concluded that the elements of fairy tales dominate fairy tales with various themes.
