## Synopsis of Wish You were Here

### Sun, Sea, and Secret..

A week on the sunny Greek island of Khetos is just what Alice Archer needs, even if she has to put up with her difficult sister. Stella's tantrums and diva-like demands are a fair price to pay for crystal-clear waters, blue skies and white cliff-top villas. When Alice meets a handsome gardener at the Vila Argenti, for the first time she suddenly feels beautiful, alluring and confident.

Alice is such a lovely character to spend time with; a selfless woman who loves her dad and is thankfully nothing like her self-character, but difficult to get attention from opposite sex. She feels that she is just an ordinary woman. She loves her father so much. Milo is also a great character, a genuine lovable male lead. The 'holiday magic' referred to in the synopsis relates to a wish Alice makes on a statue of Aphrodite, the Greek Goddess of love and beauty. Essentially Alice's wish comes true and this leads to a whole host of bizarre, but sometimes welcome, situations for Alice. Stella is a character that is consistently disliked throughout the novel rather than redeeming herself. Before Alice came to Kethos and her life changes, and before her father died. Her father could feel the secret about Alice's bright future.
