Kata Kunci : *Perilaku Belajar Siswa, Belajar Di Rumah*

Penelitian ini dilatarbelakangi oleh sistem pembelajaran selama pandemi covid-19 sehingga **proses pembelajaran dilaksanakan melalui Belajar dari Rumah (BDR)**. Sebagaimana tercantum dalam Surat Edaran Kemendikbud Nomor 4 Tahun 2020 tentang Pelaksanaan Kebijakan Pendidikan dalam Masa Darurat Penyebaran (COVID-19). Kegiatan *Belajar dari Rumah (BDR)* ini diharapkan dapat akan mendukung proses pembelajaran jarak jauh dan mempermudah dalam penyebaran materi kepada peserta didik. Banyak kendala atau kesulitan yang dihadapi oleh siswa terutama perilaku belajarnya ketika belajar di rumah. Dimana selama proses pembelajaran di rumah terdapat faktor yang mempengaruhi perilaku belajarnya diantaranya rasa bosan, kurang disiplin dalam mengikuti daring, dan kurang fokus dalam nyimak pembelajaran. Tujuan yang ingin dicapai pada penelitian ini yaitu untuk mendeskripsikan *Perilaku Belajar Siswa saat belajar Di Rumah (BDR)*. Penelitian ini menggunakan pendekatan penelitian Deskriptif kualitatif dengan Subjek penelitian adalah Siswa kelas 6 orang tua, siswa itu sendiri, dan kakak siswa. Data diambil menggunakan metode triangulasi waktu, sumber, dan teknik dengan hasil observasi didukung dengan hasil wawancara. Hasil penelitian secara deskriptif menunjukkan bahwa perilaku belajar siswa Masih kurang stabil Perlu motivasi dari orang tua agar perilaku siswa bisa lebih baik selama melakukan proses pembelajaran di rumah.

Keywords : *Student Learning Behavior, Home Learning*

This research was motivated by the learning system during the Covid-19 pandemic so that the learning process was carried out through *Learning from Home (BDR)*. As is listed in the Ministry of Education and Culture Circular Letter Number 4 2020 concerning the Implementation of Education Policy in a Spread Emergency Period (COVID-19). This HomeActivity *Learning(BDR)* is expected to be able support the distance learning process and facilitate the distribution of material to participants students. There are many obstacles or difficulties faced by students, especially their learning behavior when studying at home. Where during the learning process at home there are factors that influence learning behavior including boredom, lack of discipline in following online, and lack of focus in listening to learning. The objective of this research is to describe the Student's Learning Behavior at Home (BDR). This study used a qualitative research approach with 3 students as research subjects. Data analysis techniques used triangulation of time, sources and techniques. And data collection techniques in this study are observation, interviews and documentations. The results of the descriptive study show that the learning behavior of the 3 students is still not good, including when they take lessons while sleeping, are not serious and sometimes do not wear uniforms, therefore there needs to be motivation from parents so that student behavior can be better while doing it. home learning process.
